3. 2018 Operating Budget:

Anticipated operating budget is \$421,656.12 Operating Expenditure to date is \$174,515.55 (41%).

4. Investment of funds

District is maintaining \$200,000.00 invested funds. (added \$69,393 on June 4).

- 5. Correspondence: none noted
- 6. Current priority projects include:
 - 2017 Financial Report -has been submitted to the State and is available for review.
 - Archiving records- on hold
 - Department of Revenue annual report needs to be corrected and Roz is working with the agency on that.
 - Financial preparation for the Bond will likely be the priority moving forward.

• Chief's Report: See attached.

Chief Long had submitted his Chief's report and training report to the Commissioners in advance of the meeting. All Commissioners had reviewed the report and had no questions.

Ongoing business:

- **1. Personnel/Payroll** : nothing at this time.
- 2. Training Officer Position: The three agencies committed to the project are City of White Salmon FD, Skamania Fire District3 and KCFD3. A request to the attorney Brian Snure has been made for an Inter local agreement (ILA) between the agencies. Once the agreement has been approved the position can be advertised and the interview process will be defined.
- 3. Policies: Draft Financial Policy. Roz has requested the Commissioners review the draft for the Financial Policy. The Commissioners had not had time to review the policy before the meeting and will address it at the next meeting.
- 4. Bond Update: The Commissioners attended a Bond Workshop with project manager Bob Merritt prior to the meeting. The Workshop covered what the bond is intended to achieve. Capital projects are to be prioritized to meet the six major goals of the District. Comprehensive cost estimates for essential facilities repairs and upgrades have yet to be determined by qualified engineers, but Bob Merritt has a commercial contractor willing to look at the buildings. Action is needed to authorize the Project manager to engage a Bond Council;

Motion to authorize Bob Merritt to move forward and engage a Bond Council on behalf of the district, made by Commissioner Virts, seconded by Commissioner Connor, (3 yay, 0 nay) motion passed.

- 5. Dry Creek billing: There has been no response from the property owner at this time. The Commissioners had requested staff look into processing a lien on the property. Staff has contacted the County for assistance with this, and will likely contact the attorney Brian Snure for guidance. Commissioner Virts asked if interest accrues on outstanding debt. This will be researched.
- 6. Snowden Community Council Sign: The Community Council has not had any movement on this topic.
- 7. Replace vehicles: The Vehicles are still on order. Estimated delivery is late July.
- 8. WSRB rating report: Chief is not at the meeting and will revisit this with the board at the next meeting. The report is available at the office for the Commissioners to review. Roz noted that she has been researching the addition of external 911 only phones at each station. Additional research is needed and it may require the addition of a new phone line to station 33.
- 9. Fire protection Contract: Contracts have been established for several properties that are not in, or contiguous with the district. The contracts are charged at the same rate as the levy (2018 rate is 0.89 per 1000 AV). Commissioner Montag signed the contracts received to date.

New Business:

- 1. Office Projects: Chief and Roz are looking at the possibility of hiring a temporary employee to complete needed projects. In particular a comprehensive inventory is needed. With the training officer position being vacant the district will have funds available to hire a temporary employee. It was noted this particular project will require bar code labels and a reader. The amount of funds available, the hourly rate, and an estimate of how long the project will take will be determined for the next meeting.
- <u>Good of the Order</u>: Commissioner Virts commented that he is interested in pursuing direct contact with the White Salmon City Council regarding the future of the fire service in the community. He would like to find out which Councilors are on the City's Public Safety Committee and reach out to them.

 Commissioners Connor and Montag thought this was a good idea.

Next meeting: July 12, 2018

Motion to adjourn made by Commissioner Virts, seconded by Commissioner Connor. Meeting adjourned: 19:15

Fire Chief's Report to Board of Commissioners June 14th 2018

Safety:

Tony Gilmer is working to join up the safety committee members for a meeting this week. No injuries or accidents to report to the Board during this period.

Customer Service (emergent and non-emergent):

- See attached Emergencyreporting.com summaries
- June 11, 2018: 26 reportable calls since May 10th.
- June 11, 2018 84 Total hours of training since May 10th

Projects:

- Submitted for all Red Card requests and submitted to DNR for issuance. This required collecting everyone's wildland experience records for 2017.
- Coordinated SCBA hydro-testing of bottles. This included several bottles that were donated from White Salmon to us.
- Replaced two tires on Engine 311 due to age expiration. Front steer tires. I am working conduct a trade for rims to fit Medic 316 which could avoid costs of changing over studded tires annually. Jay Holtmann has the wheels and they will hopefully work. This could save us \$240/year.
- Ordered replacement fire hose expense approved by the Board.
- Working on the 2017 Annual Report ongoing as time permits.
- Staff vehicles delivery date has not yet been announced by the dealer. When they do arrive, we will need three people to travel to Longview to pick the two trucks up.
- Assisted with the CWIFTA academy in Gleed WAas a Branch Director.
- Roz and I traveled to Kennewick for a 1-day State Mobilization. She was able to successfully get several items marked off on her Firefighter 1 taskbook. Plus revenue for Emergency Equipment Rental from the tender to be paid for by Washington State Patrol.
- Drafted internal announcement that we will move forward with the Training Captain. This was for our current volunteers in order for those who may be interested to begin to prepare their resumes. Roz and I spent time reviewing our finances and have determined that we have funding needed to hire a FTE. The next step is for our attorney to draft up an Inter-local Agreement for each agency to approve.
- Prevention: Eric Bosler is working on a significant address sign order for the Northwestern Lakes Homeowner's Association. He has been working on this project for some time and when it's completed, several addresses will have our blue and white address signs. This project is fully paid for by their association and we will not incur any costs. We will benefit us with another supply order Eric is placing. Which, will save us shipping costs. Budgeted funds.
- Training:
- See report

Annual Wildland RT 130 firefighter training is completed for Red Card personnel and all firefighters. If anyone needs rescheduling, we'll get that done in the next couple weeks.

Community Events: Several FD 3 folks participated in the White Salmon pancake feed during Springfest. Ron Reynolds, Roz Plumb and others also staffed a booth during that event.

Personal Activities and Achievements:

• Utilized vacation time to see family.

Respectfully submitted: Wesley W. Long – Fire Chief 6/10/2018 12:01pm.
